Today, April 28th, Aramark recognizes World Safety and Health Day. Normally, we would observe this occasion by celebrating our employees and their achievements in elevating the importance of safety across our global business.

During the COVID-19 pandemic, we’ve learned a new normal. The Safety & Risk Management team extends a heartfelt thank you for everything you have done throughout the crisis, demonstrating your full commitment to Target Zero – No Harm to People or the Environment.

Your collective efforts exemplify Aramark’s resilience and ability to rise up in this time of great need—for each other, for our clients and customers, and for the communities we serve.

Keep fighting the good fight. Reinforce the importance of proper hand and respiratory hygiene, clean and sanitary workplaces, and proper social distancing.

Subscribe to our email list.
Remember, we’re all in this together! Let’s take care of ourselves and one another as we navigate the change that is ahead of us.
