FLORIDA STATE UNIVERSITY ANNOUNCES NEW DINING SERVICES CONTRACT

We recently announced that we have secured a new dining services agreement with Florida State University (FSU). The new contract, which will become effective January 1, 2021, is for a term of five years. With this agreement, we will provide a full range of dining services to the university’s students, faculty, staff, and visitors. We are excited to join the FSU community and pledge to deliver great hospitality experiences to its students, faculty, staff and visitors,” said Jack Donovan, President, Aramark Food and Hospitality.

The agreement includes a commitment to care-to-eat residential locations, retail restaurants, campus convenience stores and a variety of dining outlets. Our associates will assume operations at FSU in January 2021. The new contract will have a positive impact on all areas of the current dining program, including the all-you-care-to-eat residential locations, retail restaurants, campus convenience stores and a variety of dining outlets.

Congratulations to all of the Aramark winners:

Aramark was honored with the Community Leader Empowerment Award.

The honor was announced at the organization’s luncheon. Named after the civil rights activist, the Whitney M. Young, Jr. Awards recognize companies, along with their partners, that are championing innovative, inclusive and effective community engagement strategies.
