

Accepting the Offer from Aramark Dietetic Internship (DI) Program

On DICAS Decision Day for Fall or Spring DI Program acceptance, students should complete the following steps. These same steps apply to 'early select' interns from Aramark or our affiliate universities.

1

Contact the Aramark Dietetic Internship Program Director to accept the offer.

Roxanne Kingston at kingston-judith@aramark.com

Our program is under no obligation to hold your position if your email is not received by the designated date.

2

Your name, acceptance confirmation, and preferred contact information should be included in your email. The program director will reply to your email to confirm your slot in the internship.

3

A non-refundable deposit of \$2500 is required upon acceptance into the program. The balance of the program fee of \$8000 is due prior to orientation. The opportunity is given to split the balance of the program fee into two parts.

4

Program Fee is paid electronically via the internship payment portal with either a credit or debit card.

5

The Program Director will notify you of receipt of the deposit and give you more program information to begin your new journey into dietetics!
