

## Bill La Salle

Regional Vice President,  
Penn Medicine Region  
Aramark Healthcare+

Bill La Salle is a seasoned healthcare operations executive currently serving as Regional Vice President for the Penn Medicine Region. with a distinguished track record of leading complex, multi-site healthcare organizations to sustained operational and financial success.

Bringing more than two decades of experience in healthcare operations and foodservice leadership, Bill is recognized for disciplined execution, data-driven decision-making, and the ability to translate strategy into measurable results. He has successfully led large-scale operational transformations, driven productivity and cost-efficiency initiatives, and implemented performance standards that elevate quality, safety, and patient satisfaction.

Known for his people-first leadership style, Bill has strengthened labor and union partnerships, developed high-performing teams, and fostered cultures of accountability and continuous improvement. He holds an MBA and combines strategic insight with hands-on leadership to advance organizational goals and deliver lasting impact across clinical and non-clinical operations.
