

**Pat Liebler**  
President & CEO  
Aramark Nexus™

Pat Liebler serves as President & CEO of **Aramark Nexus™**, the company's integrated hospitality platform designed for hyperscale AI data centers and large-scale, remote operating environments. He is a seasoned hospitality leader with more than three decades of experience, recognized for driving growth, strengthening client partnerships, and delivering operational excellence.

Liebler has spent the majority of his career at Aramark, where he has held a series of progressive leadership roles, most recently serving as President & CEO of Aramark Refreshments, where he expanded market presence and strengthened community engagement. Earlier in his career, he served as Regional Vice President and Vice President of Business Development & Retention.

He's known for building high-performing teams, entering new markets, and delivering strong results for clients and partners.
