

Paul Johnson
President & CEO
Aramark Healthcare+

Paul “PJ” Johnson is President and CEO of **Aramark Healthcare+**, where he leads the strategic direction and operations of the business, supporting more than 600 healthcare facilities across 47 states with integrated dining, nutrition, environmental services, patient transportation, and facilities management solutions.

Prior to joining Aramark, Paul served as Chief Executive Officer of DARI Motion, a privately held, AI-based motion capture provider that uses advanced technology to measure and analyze the movements of the human body. He also served as President of Patient Support Systems at Hillrom, a global medical technology company focused on improving patient outcomes. Earlier in his career, Paul served as President of the Americas Region for Life Technologies, a biotech company which specialized in products and services for life sciences research, and he has held multiple senior leadership roles at GE Healthcare.

PJ holds a Bachelor of Science degree in Mechanical Engineering from Worcester Polytechnic Institute and an MBA from the University of Wisconsin–Madison.
