GROUNDS AND LANDSCAPING

The condition of your grounds and landscaping is essential to creating a lasting, positive first impression as well as safe spaces for student enjoyment. We make it happen through:

- Campus beautification action plans
- Athletic field maintenance
- Inclement weather plans
- Seasonal scheduling for mowing, maintenance, and planting
- Hardscape (pathways, paved surfaces) monitoring
- Pest control

ENERGY MANAGEMENT AND TECHNICAL SOLUTIONS

Reduce energy, minimize deferred maintenance, and improve aging infrastructure to support your mission. Our experts deliver:

- Guaranteed energy saving projects
- Improved occupant comfort and system reliability
- Emergency assessment, response, and repair
- Projects on time and budget
- Strategic plans and tactical solutions to protect assets

CUSTODIAL SERVICES

Aramark Facilities Management's progressive approach includes innovative practices to increase efficiency, elevate employee morale, and deliver quality outcomes across your District. We provide:

- Daily and deep cleaning with a focus on health and safety
- Use of environmentally friendly and sustainable products
- Floor care solutions for all surface types
- Special events management, setups, and moves

OPERATIONS AND MAINTENANCE

Our innovative O&M program is tailored to enhance your building performance and provide a safe, comfortable learning environment for students to thrive. Our scope includes:

- Work order management and coordination
- Scheduling and coordination of all trades (electricians, plumbers, carpenters, HVAC, and more)
- Corrective maintenance and emergency response
- Contractor management and oversight
- Manage purchasing orders, supply chain, and inventory
- Deferred maintenance minimization strategies

Dynamic Solutions for Next-Level School Environments

Aramark Facilities Management delivers advanced technical solutions with thoughtful deployment to create cohesive and safe learning environments. Tailored to fit the unique needs of K-12 schools, our technology solutions are scalable and mindful of every budget. Some of our industry-leading, award-winning solutions include:

AIWX™ CONNECT

Smarter school facilities start with [AIWX Connect](#), our remote monitoring sensor system designed to meet the unique needs of your schools. Using IoT (Internet of Things) technology, AIWX operates outside of your network, providing real-time data that optimizes your school's environment and improves overall performance. AIWX provides real-time tracking of:

- Leak detection to avoid costly maintenance repairs
- Refrigeration monitoring to avoid food and other perishables spoilage
- Monitor cost and consumption of electricity and water flow
- Vibration monitoring to avoid unexpected equipment failure

TWINOPTIX®

Unlock the power of digital twinning with [TwinOptix](#), offering K-12 schools unparalleled insights into your building's condition and assets. This innovative tool helps you manage school facilities with precision, streamline maintenance, and plan for the future. With TwinOptix, you can:

- Share real-time digital notes and info with maintenance staff, contractors, administrators
- Embed asset info, safety reminders, videos, and links directly into the digital model
- Take accurate measurements of school facilities and equipment for efficient management
- Store historical data about school equipment for informed decision-making
- Review 3D models of school grounds for better planning and outdoor space assessments
- Visualize your school space for event planning, renovations, or classroom layouts

Why Choose Aramark Facilities Management?

Guaranteed Outcomes

- Measurable outcome assurance

Service Excellence

- Proven programs for all aspects of facilities management
- Robust quality control program

Technology Forward

- Advanced technical solutions with thoughtful deployment

Continuous Innovation

- Dedicated research and development
- Supplier networks for best practices and testing

Technical Competency

- Deep engineering expertise on-demand

Cultural Sensitivity

- Proven experts in managing facilities in diverse school environments

Seamless Transition

- Proven partnership opening plan with robust campus communication

Cost Efficiency

- GPO purchasing power for preferred pricing
- Deep supply chain partnerships for procurement savings

Sustainability

- Carbon footprint reduction strategies

Professional Development

- Training
- Career-mapping
