

Scott Bender

Vice President,
Center of Excellence

Scott leads Aramark Healthcare+ Center of Excellence. He brings 25 years' experience in developing and driving outcomes for patients, employees, and clients in the Healthcare industry. Scott manages all patient experience, clinical, food and facilities management operations for Aramark Healthcare+ in the United States. Scott was previously the Vice President of Operational Excellence for Aramark's International division. He joined Aramark shortly after earning degrees in Culinary Arts and Food Service Management from Johnson & Wales University. Over the course of his career, Scott has proven to be a result-oriented, challenge-driven, customer-centric operations professional with a progressive record of success.
